

IH Series "HotBox"

COOL UPGRADE

TURN ANY COLD WATER PRESSURE WASHER
INTO A HOT WASHER

This Hot Box attaches to a cold water pressure washer and converts it into a hot water cleaning machine. The cold water pressure washer sends the high-pressure water into the Hot Box which heats the water before dispatching it to the wand. When the gun is pulled the burner automatically fires and stops when it is released. Simply quick couple the HotBox's jumper hose to almost any cold water pressure washer, and attach the pressure washers hose, gun, wand and nozzles to the outlet on the Hot Box. Rugged, dependable, easy to operate with low maintenance costs. This unit continuously heats as much as 6gpm up to 195 with the adjustable thermostat unit.

SPECIFICATIONS

- PSI: 4,000 max
- GPM: up to 6gpm
- TEMPERATURE: Up to 195°
- BTU's: 350,000
- DIMENSIONS: 38" x 44" x 24"
- WEIGHT: 350 Lbs
- VOLTAGE: 12v DC, 120v AC
- Burner - WAYNE (OIL FIRED)
- Split Stainless Steel Outer Coil Shell
- 1 1/4 Square Tubular Steel Chassis
- Powder Coated For Durability
- Coil: Schedule 80
- Fuel Tank: 10 Gallon Capacity
- High Limit Temp Control
- 195 Degree Thermostat
