

CEMENT TRUCK CLEANER

TECHNICAL DATA SHEET

Description: HYDRO-CHEM'S *CEMENT TRUCK CLEANER* is an aggressive acid cleaner to attack the tough cleaning problem of removing concrete slurry, splatter, and residue from cement trucks and concrete handling equipment, forms, tools, etc.

Advantages:

- Helps keep equipment looking good.
- Makes maintenance of equipment easier
- Contains inhibitors to reduce acid etching and scoring of hydraulic rams and reduce corrosion in mechanical area.

Specifications:

Physical Form:	Clear liquid
Odor:	Acid smell
Solubility:	Complete in water
Foam:	Very low

Directions:

Can be used through sprayer or by bucket and brush. Test surface to be cleaned with various dilutions for safety and effectiveness. Normally, not used through pressure washer. Standard dilution for application ranges from pure to 10:1.

AVAILABLE IN SUPER CONCENTRATES, CONCENTRATES, AND REGULAR STRENGTHS.

Caution:

Contains Hydrochloric acid. If chemical is spilled on body and clothes, remove clothes and thoroughly flush area of body with water. Get immediate medical attention. If chemical is accidentally splashed in eyes, wash with water for 15 minutes and get immediate medical attention.
