

# SUPER BRIGHT

## TECHNICAL DATA SHEET

**Description:** *Hydro-Chem Super Bright is the latest development in the creation of a safe acidic cleaner for unpainted aluminum on vehicles. It may be used for washing vehicles and cleaning aluminum without many of the dangers and health hazards associated with typical aluminum brighteners containing hydrofluoric or hydrochloric acid. Because it contains none of these acids, it is not as aggressive on aluminum, but it will clean. More frequent cleaning will be possible because of convenience of use. This product is safe on glass.*

### Advantages:

- Safer than conventional aluminum brighteners.
- Will not etch glass.
- Will help remove road film & oxidized paint from vehicles & other painted surfaces when followed with a good alkaline cleaner.
- 100% Biodegradable.

### Specifications:

Physical Form:	Blue liquid
Odor:	Pungent acidic odor
Solubility:	Complete

### Directions:

Best used when applied by low-pressure spray or a brush. Use from concentrate to dilution of 5:1 or 10:1. Pressure washer final dilution is 10:1 to 50:1 to remove road film or oxidized paint. Apply 50:1 to 100:1 and follow with a good alkaline cleaner. Dampen aluminum, let dwell as long as possible without drying. Reapply while still wet if more dwell time is required. Rinse with pressure to remove loosened soil, follow with alkaline cleaner before rinse for a more complete cleaning.

### Caution:

Apply from bottom to top. Do not allow to dry. Pretest on small area before starting large jobs.

If accidentally splashed in eyes, wash with water for 15 minutes and get prompt medical attention. Wash with water to remove from skin.

- ◆ **KEEP AWAY FROM CHILDREN**
- ◆ **FOR INDUSTRIAL USE ONLY**
- ◆ **THE PURCHASER OF THIS PRODUCT ASSUMES ALL RISKS AT ALL TIMES**
