

FLEET BRITE

TECHNICAL DATA SHEET

Description: *HYDRO-CHEM'S FLEET BRITE is an aggressive alkaline cleaner that obtains excellent removal of road film, diesel smoke, and grease. A great one-step cleaner, but can also be an effective second step in the two-step wash process.*

Advantages:

- Cleans just about everything.
- Excellent road film removal.
- Great frame and wheel cleaner.
- Excellent degreaser.
- Biodegradable

Specifications:

Physical Form:	Red colored liquid
Odor:	Soapy
Solubility:	Complete in water
Foam:	Moderate

Directions:

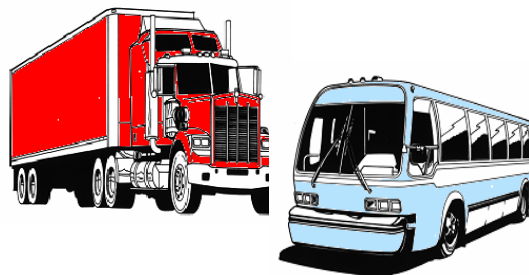

May be used through pressure washer, low pressure spray or bucket and brush. Use at dilution ratios of 20:1 – 70:1 depending on soil.

AVAILABLE IN VARIOUS CONCENTRATIONS.

Caution:

Contains aggressive alkaline builders. Before using this product on anodized or mirror polished aluminum these surfaces should be pre-tested at the use dilution ratio. Do not allow to dry before rinsing.
